Civil Action No. 1:18-cv-03501

DEMOCRATIC NATIONAL COMMITTEE,

Racketeer Influenced and
Corrupt Organization Act (RICO)

Plaintiff,

v.

Judge John G. Koeltl

RUSSIAN FEDERATION, et al;
Defendants.

Addendum Twelve to Writ of Mandamus and Prohibition
The housing of the Katrina Virus and its escape

You and the American People have a Constitutional Right to know what escaped from the World Trade Centers during 911 and what escaped from the Strategic National Stockpile during Hurricane Katrina. The facilities that are talked about in the following article are only part of the system. The DOD and CIA have their own facilities and laboratories. The entire system was compromised during 911 and again during Hurricane Katrina.

We are reaping the catastrophic consequences of what accidentally escaped from the World Trade Centers and what negligently escaped from those facilities in New Orleans during Hurricane Katrina.

We are reaping the Genocide of Mankind. In the blink of an eye it will be too late to save us.

Hurricane Katrina was the perfect incubator with high temperatures, high humidity and high solids and hence the birth of the Katrina Virus. The Katrina Virus is a compilation term.

Inside the secret U.S. stockpile meant to save us all in a bioterror attack

his is quite a different kind of warehouse. It and several others across the country are part of the \$7 billion Strategic National Stockpile, a government repository of drugs and supplies ready for deployment in a bioterrorism or nuclear attack, or against an infectious disease outbreak — of either a known pathogen or some unknown threat with pandemic potential, which global health officials dub “Disease X” — or other major public health emergency. There are antibiotics, including the powerful medication Ciprofloxacin, vaccines for smallpox and anthrax, and antivirals for a deadly influenza pandemic.

[Think about this. What the following paragraph from the article talks about is nothing compared to what our government does to us. The biggest enemy of the American people is the Federal Government. President Abraham Lincoln made it clear that America will fall from within.]

[Just take a moment and look around. I could not invent this. The Democratic National Committee has filed a Racketeer Influenced and Corrupt Organization Act (RICO) complaint against Aras Iskenerovich

Can we really allow this world to get crazier? Am I the only one that thinks this is crazy?

The need for biodefense has become more clear in the wake of outbreaks of Ebola in West Africa, Zika in the Americas, devastating wildfires and hurricanes, and the poisonings of the North Korean leader's half brother in Malaysia and former Russian spies in England with nerve and radiological agents. Last year, the federal government added three new chemicals to its list of high-priority threats, including chlorine and blister agents, such as mustard gas, that have been used in deadly chemical weapons attacks in Syria. On Monday, officials announced plans to add more anthrax antitoxin.

I beg you to allow me to be heard on behalf of the American People and Mankind.

Godspeed.

Sincerely

An Epic Constitutional Crisis. I am talking about the political destruction of all three branches (Executive, Judicial and Legislative) of our Federal Government. One hundred and fifty five million Americans and Canadians may be infected with The Katrina Virus. Did the United States Supreme Court participate in the criminal cover-up? Misprision is a crime/felony. In simple terms it means that you had knowledge of a crime and did nothing. Did the Supreme Court have knowledge? YES! I gave them the knowledge. The real question is: what did the Supreme Court do with the knowledge of The Katrina Virus and the cover-up?

There was no simple way to present this story. I fully acknowledge that the material is presented in an incoherent manner. What you are reading is a compilation of my communications with the Supreme Court since my arrest for cyberstalking FBI Special Agent Steven Rayes on March 15th, 2011. It must be emphasized that I was arrested on a Louisiana Warrant (not a Federal Warrant as one would expect.) and I have never been charged with a crime. A Louisiana Search and Seizure Warrant was used by the FBI to steal my evidence, documentation, etc. of what happened in New Orleans after Hurricane Katrina. In simplistic terms chemical warfare contaminants were released from DOD and CIA classified facilities. The United States Military conducted operational missions in violation of Federal Law and killed Americans. 1500 Americans are still missing. Were the contaminated bodies recovered, analyzed and burned in Federal Government incinerators? Are some of the bodies being kept alive in vegetative states so that the Federal Government can study the long term effects of the Katrina Virus? (Remember the Syphilis Studies in Alabama and Guatemala.)

This is a Prelude/Reference Book/Appendix. The end of the story has not been written. Judgment must not be passed upon the Supreme Court at this time. The Supreme Court may have actually protected me. Think about it. Who could the Supreme Court have turned to? Congress and the Executive Branch are responsible for the murder, genocide, treason and crimes against humanity. The only option for the Supreme Court may have been to provide me with the protection needed, to not only uncover the truth about the Katrina Virus, but to bring it to the attention of American and Canadian people.
